

Masks in library

James A. Humphrey

Dear Great Falls Library Board:

Please uphold the requirement that all people entering the library wear masks. During the Covid epidemic, masks are a scientifically proven, simple, and effective way to reduce the spread of Covid. For someone who does not want to wear a mask and wants to check out a book, being required to put on a mask for their short time in the library is not a huge imposition. Also, isn't checking out a book via the internet a possibility?

I have not read the rules to verify this, but don't the directives of our local health board plus the guidance from the Governor's office require that masks be worn at all places of indoor public gathering?

I would not feel comfortable using the library if unmasked patrons are present.

Sincerely,
James Humphrey
