Re: Covid 19 Masking Policy

Dear Sara,

Thank you for allowing me to comment on the recent question of the mask requirement at the library.

From the very first days of the pandemic, I heard that the library staff figured out how to safely serve the community and that they came up with creative ways to serve all those who wish to enter the building.

It is critical to continue measures to decrease the risk to the staff and to each person who comes in the door. We are so privileged to have this public library open and available to all.

I hope you will encourage the staff to continue the masking policy. It will allow everyone to enjoy the benefits of this valuable community service.

Sincerely,
Cari Yturri
